

The information in this document is accurate as of June 1<sup>st</sup> 2025, and may be subject to change. At Azamara Cruises, we believe in making your journey as smooth as the seas you will sail. With guests from all around the world, it is important to note that visa requirements can vary. Following our connection with port agents worldwide, Azamara Cruises has compiled a list of visa and vaccination requirements for passport holders from Australia, Canada, the European Union, the United Kingdom, and the United States of America.

To ensure a hassle-free experience, we encourage all travelers to verify their passport, visa and inoculation requirements independently, as they depend on your nationality and the destinations you plan to explore.

The visa information we provide applies to guests arriving to board our ship and venturing ashore during port visits, participating in day tours independently, or joining our organized shore excursions and returning to the ship to depart. Please note that this information applies only if you are not disembarking to stay or fly out of the country for which the visa information is provided. For anyone disembarking the ship in a country, the visa requirements might differ.

We recommend that the passports have a six-month validity after the end of the voyage. Please be aware that certain countries require your passport to have between two to four blank pages for visas and stamps

Please note that the vaccination information provided here is based on the full itinerary of the Azamara World Cruise 2026. If you are joining the cruise for specific segments only, vaccination requirements may vary. We recommend reviewing your travel plans carefully and consulting with a travel health professional to ensure you meet all the health and entry requirements for the destinations on your journey.

Azamara Cruises is not liable for changes to passport, visa and inoculation requirements as they change from country to country. Passengers fully assume the risk and responsibility to ensure their ability to travel aboard the Azamara Cruises fleet.

Our welcoming atmosphere reflects the global spirit of exploration. Bon Voyage!
